## Introduction

- Emergency in the Workplace?
  - Very few papers (few teams and topics)
  - No existing states of the art
- ICOH had 50 national secretaries (Nsicoh) all around the world
- Questionnaire (short) sent to Nsicoh (after authorization by the ICOH)

EROHS 2

## Methods

- Methods
  - 12 questions on emergency management in the workplace
  - sent to NSicoh, 3 mails
  - Between September and December 2013
  - (+ ECOH working groups)
- Questions
  - Limited answers

EROHS 3

## Results

- 28/51 +7 (ECO) =>35 answers
- 4 continents (none from Oceania)
- Of the 28 NS who answered, 25 indicated their email address

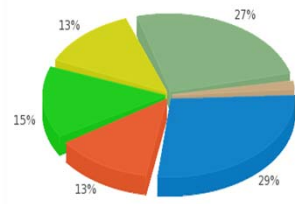

EROHS 4

## Which is your country?

Luxembourg	

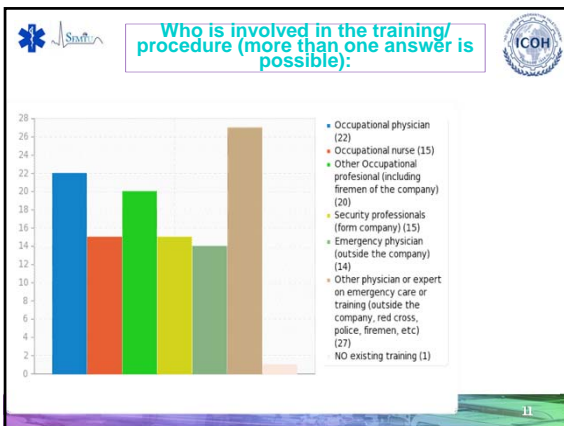

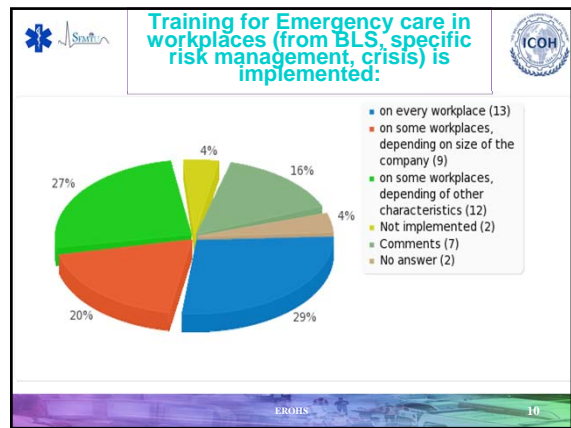

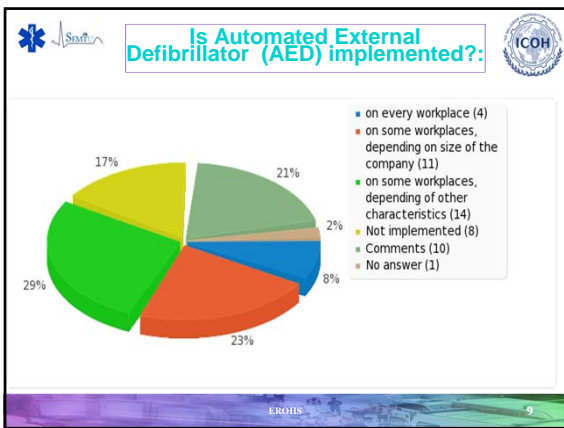

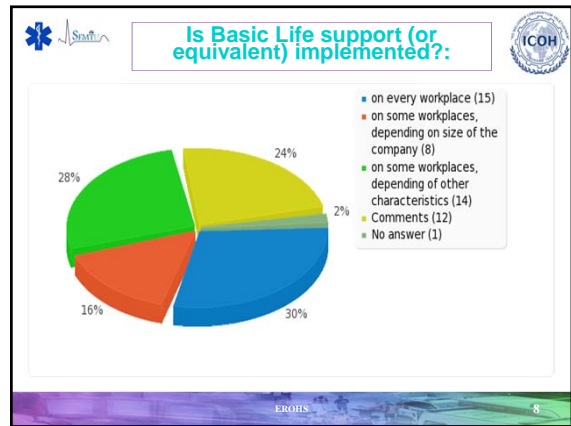

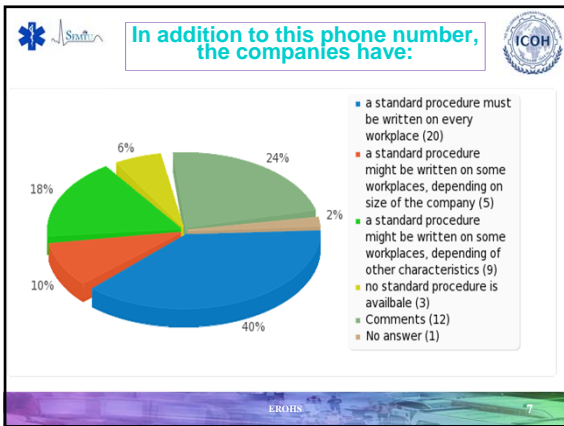

EROHS 5

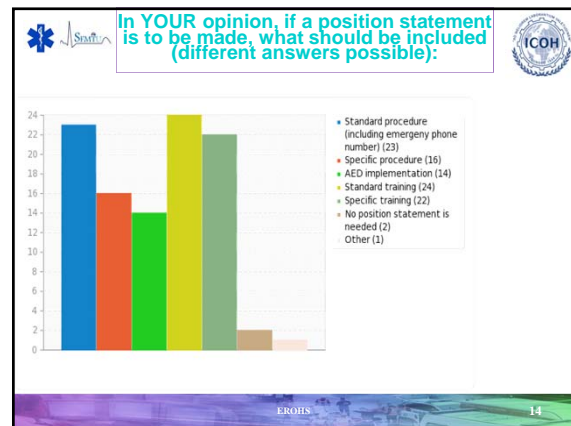

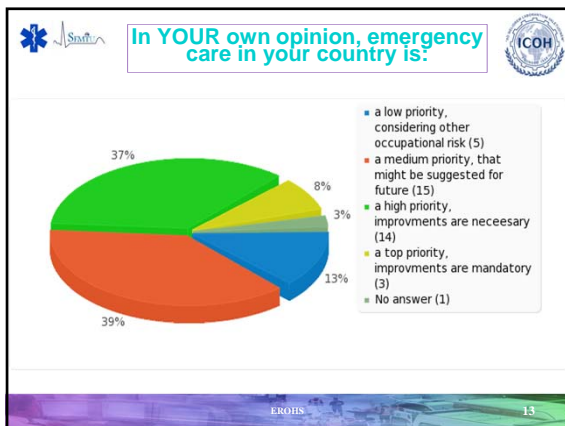

## About the Emergency phone number ('911'/'112 or other):

- Information must be written on every workplace (15)
- Information might be written on some workplaces, depending on size of the company (7)
- Information might be written on some workplaces, depending of other characteristics (8)
- Information is not given, because everybody is aware of the number (7)
- Comments (14)
- No answer (1)

EROHS 6

**Discussion**

- > Although this is an important topic, there is much heterogeneity, and there is a place for general recommendations
- > Limitations
  - > Representativity of the population and the sample
  - > Questionnaire with limited choice of answers
  - > Applications?
